

GOOD SHEPHERD CREATIVE PLAY TODDLERS

The Toddler classes are designed for two year old children who are ready to separate from their parents/guardians. The children in the Toddler classes are encouraged to play cooperatively and learn classroom routines, while exploring and learning new activities. In separating from their parents, the children are learning to trust other adults and to become increasingly more independent. The children will engage in group play; story time; art activities; music; movement and so much more. Throughout the class time children will begin to focus on name recognition, identifying colors and shapes, following direction and social interaction with peers. The goal of this class is to foster a love of learning and play in a class room setting.

Registration for these classes begins in February
